Stryker Extends Thanks to Departing Health Minister Greg Hunt

SYDNEY, Australia – 06 December 2021 – Stryker has thanked The Hon. Greg Hunt MP, Minister for Health and Aged Care, for his leadership in the portfolio over the past five years and dedication to the public service spanning 20-years.

Minister Hunt played a crucial role in stewarding Australia through a number of public health crises including the Covid-19 pandemic response and 2019-20 Australian Bushfires.

Stryker South Pacific President, Maurice Ben-Mayor, paid tribute to Mr Hunt's focus on the pandemic response and his ongoing efforts to boost Australia's world-leading health and medical research systems.

"Minister Hunt's leadership in the early days of the pandemic saw him bring together industry and government stakeholders for crucial collaboration at the start of the pandemic. The Minister was essential in securing vital medical supplies (such as ventilators, testing kits and PPE) during global shortages and supply chain disruptions," said Mr Ben-Mayor.

"As a result, Australia's response to the pandemic has been one of the leading examples of informed and proactive action supported by medical expertise and scientific advice."

"On behalf of Stryker South Pacific, I would like to thank Mr Hunt for his contribution to public life and his leadership of the health portfolio during this most challenging of times. We wish him all the best for his future endeavours," concluded Mr Ben-Mayor.

About Stryker
