President-elect Trump's appointment of Elon Musk as co-leader of the Department of Government Efficiency is a shameless display of billionaire excess and undue influence.

**Elon Musk buying his way into
the Trump administration
is just another demonstration of
unchecked billionaire influence
over our government, fueling inequality
in the U.S. and across the world.**

STATEMENT FROM PRESIDENT DONALD J. TRUMP

I am pleased to announce that the Great Elon Musk, working in conjunction with American Patriot Vivek Ramaswamy, will lead the Department of Government Efficiency ("DOGE"). Together, these two wonderful Americans will pave the way for my Administration to dismantle Government Bureaucracy, slash excess regulations, cut wasteful expenditures, and restructure Federal Agencies - Essential to the "Save America" Movement. "This will send shockwaves through the system, and anyone involved in Government waste, which is a lot of people!" stated Mr. Musk.

It will become, potentially, "The Manhattan Project" of our time. Republican politicians have dreamed about the objectives of "DOGE" for a very long time. To drive this kind of drastic change, the Department of Government Efficiency will provide advice and guidance from outside of Government, and will partner with the White House and Office of Management & Budget to drive large scale structural reform, and create an entrepreneurial approach to Government never seen before.

All actions of the Department of Government Efficiency will be posted online for maximum transparency.

Anytime the public thinks we are cutting something important or not cutting something wasteful, just let us know!

We will also have a leaderboard for most insanely dumb spending of your tax dollars. This will be both extremely tragic and extremely entertaining 🤔🤔
